Can	Appearance outside/inside		No defects, clean												
	Closure/seaming		Regular												
	Encoding		Correct, legible, accurate												
	Labeling		Without defects, exact												
	Characteristic can		Electrowelded, E / 1 with internal protection BPAni. On request with enamel BPAni												
	Characteristic lid		Internal and external protection BPAni on request with enamel BPAni												
			The size from 400g/800g may be provided with easy open												
	PHYSICAL		Net weight		≥ 400g/800g/ 2500g										
			Drained weight		≥ 240g/480g/1500g										
			Broken (with cotyledons free)		≤ 8% on drained weight										
Characteristics			Damaged (with skin open over 50% of the circumference)		≤ 12% on drained weight										
			Stained and dark		≤ 3% on drained weight										
			Mouldy and perforated		Absent										
			Skins		≤ 30 cans 400g										
			Vacuum		≥ 5 cm Hg										
			Foreign bodies and stones		7 on 10.000 cans (diameter ≥ 3 mm)										
	CHEMICAL		Brine		pH 5,4 - 6,4										
			Salt		≤ 1,0 %										
	ORGANOLEPTIC		Texture		Soft										
			Smell		Characteristic without extraneous notes										
		Flavor		Typical, no aftertaste											
		Color		Characteristic, brown											
PESTICIDES AND OTHER CONTAMINANTS		The product complies with European and Italian laws on the maximum amount of residues of active substances tolerated in food products, including mycotoxins, heavy metals, radionuclides, etc.													
O.G.M.		Product free from genetically modified organisms.													
MICROBIOLOGICAL		Tests of microbiological stability		Stable after incubation at 55°C x 7 days and 37°C x 14 days											
NUTRITIONAL DECLARATION (Medium values for 100g of product)		energy		kJ 227 / kcal 54		GDA * (Guideline Daily Amounts) are the Daily Amounts of energy and nutrients required for a balanced diet. This Table provides an example of GDA for an adult, which is based on a daily consumption of 2000 Kcal and that derives from the recommendations EURODIET.				3%					
		fat		0,3 g						<1%					
		of which: saturated fatty acid		0,0 g						0%					
		carbohydrates		6,8 g						3%					
		of which: sugars		0,0 g						0%					
		fibre		4,0 g						16%					
		protein		4,0 g						8%					
		salt		0,55 g						9%					
		Other information	Shelf-life		36 months from production date - 18 months from the date of delivery										
Storage temperature			The product intact should be stored at room temperature in a cool, dry place and away from heat sources. Once you open the can, the product can be stored in the refrigerator for max 3 days in another container												
Standard packaging			Tray shrink film 24/400g and 12/800g - Cardboard 6/2500g.												
			The 400g on request can be packed in clusters of 3 cans.												
		Size	Can Ø/h mm			Size	Package PxLxH mm	Unit in the pack n	Weight pack Kg			Package to layer n	Layers for pallet n	Package for pallet n	Height pallet cm
